Welcome to the Architects Roll..... 20

RONALD A. JONES BOARD PRESIDENT

President’s Message

I am pleased to share an update on the current state of architectural practice in California, highlighting our collective accomplishments, emerging trends, and the challenges continuing to shape our profession.

Over the past several years, architects across the state have demonstrated remarkable leadership and resilience. Our profession has played a critical role in advancing housing production, delivering innovative mixed-use and infill developments, and responding to California’s urgent need for more sustainable and equitable communities. The integration of high-performance building strategies, adaptive reuse, and thoughtful urban design continues to elevate the quality and impact of our built environment. Additionally, the profession’s growing engagement with public agencies and community stakeholders has strengthened trust and improved project outcomes.

At the same time, several important trends are influencing the trajectory of architectural practice. Climate adaptation and decarbonization are no longer aspirational—they are central to how we design and deliver projects. Advances in digital tools, including Building Information Modeling and the rapid emergence of artificial intelligence, are transforming design workflows, project delivery, and client expectations. There is also an increasing emphasis on interdisciplinary collaboration, as architects work more closely with planners, engineers, and contractors to address complex regulatory and environmental requirements.

Despite these accomplishments, significant challenges remain. Regulatory complexity, rising construction costs, and prolonged entitlement processes continue to impact project feasibility and delivery timelines. The housing crisis persists, requiring ongoing innovation and advocacy from the profession.

MISSION

The California Architects Board protects consumers by establishing standards for professional qualifications, ensuring competence through examinations, setting practice standards, and enforcing the Architects Practice Act.

VISION

The California Architects Board will be the national leader in the regulation of architectural practice.

Continued from page 1

Additionally, as technology evolves, architects must remain vigilant in maintaining professional competency, ethical standards, and the integrity of the design process. Workforce development, including attracting and supporting a diverse and inclusive next generation of architects, is also critical to the long-term strength of the profession.

As we look ahead, the role of the architect in California remains as vital as ever. By embracing innovation, strengthening collaboration, and reaffirming our commitment to protecting the health, safety, and welfare of the public, we can continue to lead in shaping a more resilient, sustainable, and equitable future.

I'd like to acknowledge Tian Feng and Mitra Kanaani, who have cycled, or will be cycling, off our board since our last publication, for their dedicated service. And lastly, please join me in welcoming Kasheica McKinney (Public) and Irvine Carrillo (Architect) to the board, as we serve the residents of California.

Ronald A. Jones

Ronald A. Jones, Board President

California Architects Board Welcomes New Board Members

Kasheica McKinney, of Oakland, has been appointed to the Board. McKinney currently serves as Director of Transit-Oriented Development at the Bay Area Rapid Transit District, a position she has held since 2024. She previously served as Vice President of Community Development and Government Relations at Thomas James Homes from 2022 to 2023 and as Project Executive for the Hunters Point Shipyard and Candlestick Point Redevelopment Project from 2014 to 2022. Earlier in her career, McKinney worked as a Contract and Procurement Compliance Officer for both the Oakland Housing Authority (2012–2014) and the Marin Housing Authority (2011–2012).

McKinney is an active member of the Black Women Lawyers Association of Northern California, the Charles Houston Bar Association, and the National Bar Association. She earned a Juris Doctor degree from the University of California College of the Law, San Francisco, and a Bachelor of Arts degree in Psychology from San Francisco State University. McKinney serves on the Board's Communications Committee.

Irvine Carrillo, of Lancaster, has been appointed to the Board. Carrillo has been the Principal at Synthetic Mass Inc. since 2020. He was an Architect and Principal at Flewelling & Moody Architects from 2013 to 2020. Carrillo earned a Bachelor of Architecture degree from California State Polytechnic University, Pomona.

2027 License Renewals

Architect license renewals for 2027 start later this year, with the first renewal notices being mailed to licensees in early November. The California Architects Board (CAB) changed the method it uses to notify architects about their license renewals. CAB now sends renewal notices to licensees in the form of a 4x6 inch postcard. This approach reduces our carbon footprint and reduces mailing costs, which have continued to increase year-over-year.

The renewal postcard directs architects to visit our online application portal, [Connect](#), to renew their license. Online renewals are more efficient than the previous mail-in method and allow architects to do their part in reducing climate

change. Licenses are immediately renewed through Connect (unlike the mail-in method that can take a few weeks for processing).

Architects should receive a renewal postcard approximately 75 days prior to the respective license expiration date. Licensees may use [DCA Search](#) to check for their license expiration date if they are unable to find their license documentation. We recommend architects contact CAB if they have not received the renewal postcard by 45 days prior to their expiration date.

You may contact us with any questions regarding the renewal postcard at CAB-Licensing@dca.ca.gov.

Architects will receive an email with a temporary password upon successful registration of a Connect account.

Online License Renewal Reminder

On January 1, 2025, the California Architects Board (CAB) transitioned license renewals to its online application portal, Connect. Architects who are eligible to renew online must register a [Connect](#) account and link their license, if they have not done so already.

Architects who submitted an online license application after June 1, 2023, have already registered a Connect account they may use to renew their license.

Licensees are ineligible to renew online if their license has been delinquent for more than one renewal cycle (more than two years) and must [contact CAB](#) for assistance.

Register a Connect Account

Register a Connect account by selecting the “Click here to Register” link located directly below the “Log In” button (see below). This will start the process for creating a Connect profile.

Log In

[Registration and Login Help](#)

User Name (Email) *

Password *

Continued on page 4

Continued from page 3

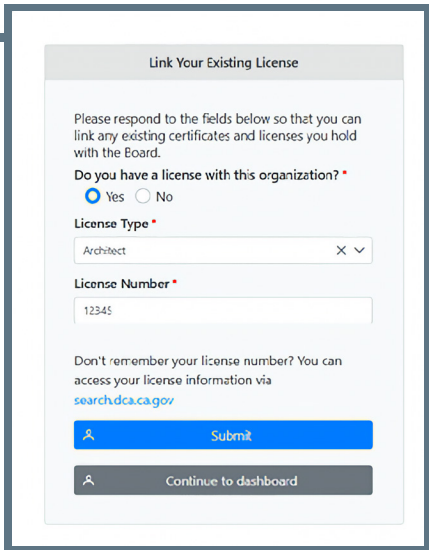

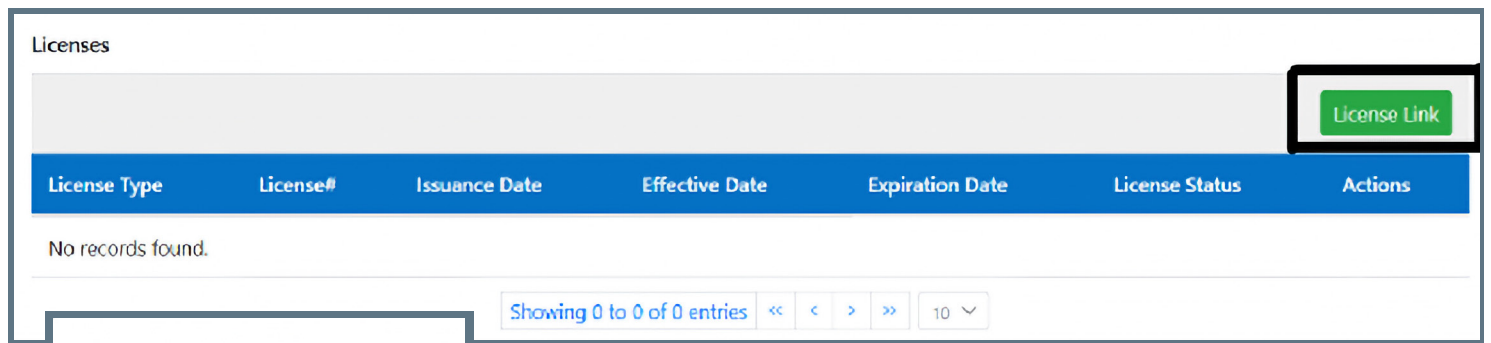

It is important to verify all personal information in your profile—such as email address, name, date of birth, and the last four digits of the Social Security Number—is correctly entered during the account registration process. Incorrect personal information entered when registering the account will cause errors when an architect attempts to link and renew their license. These errors must be corrected by CAB and may cause delays with the license renewal process, potentially resulting in license expiration and a delinquency fee.

Architects will receive an email with a temporary password upon successful registration of a Connect account.

Renewal Process

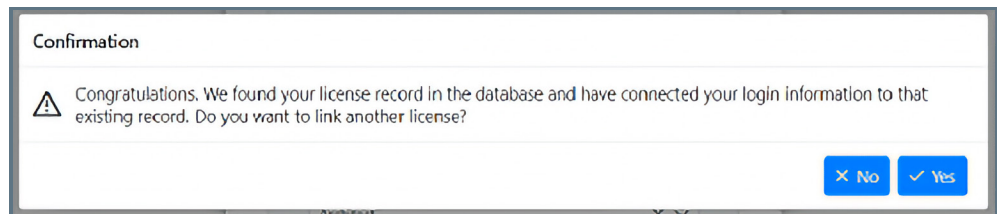

Architects start the renewal process by logging into their Connect account and entering the email address used to register the account in the “User Name (Email)” field. There will be a prompt to change the temporary password if this is the first time logging into Connect.

Next, an architect must link their existing architect license to their Connect account by clicking the green “License Link” button located above the Actions column of the Licenses block of the dashboard (see below).

After clicking the “License Link” button a new input window will appear from which an architect must select the license type from the dropdown list and then enter their license number **omitting the preceding “C.”** Then click “Submit.” If an error message is received, please contact CAB via email at cab-connect@dca.ca.gov. Please be sure to include your full name, license number, and a screenshot of the error in the email.

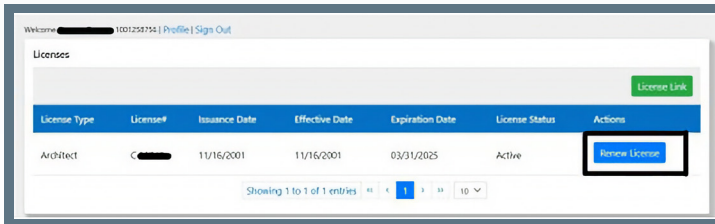

A licensee will receive the following message when the architect license is successful.

Continued on page 5

Continued from page 4

An architect's license information should now appear in the Licenses block on the user dashboard. If an architect is **within 90 days of their license expiration date**, the option to "Renew License" should be available under the "Actions" column. Select this option to be directed to the renewal application.

The renewal application consists of several tabs located on the left-hand side of the window. The tabs are:

- Instructions and Disclosures
- Personal Information
- Renewal Questions
- Attestation
- Fee and Payment

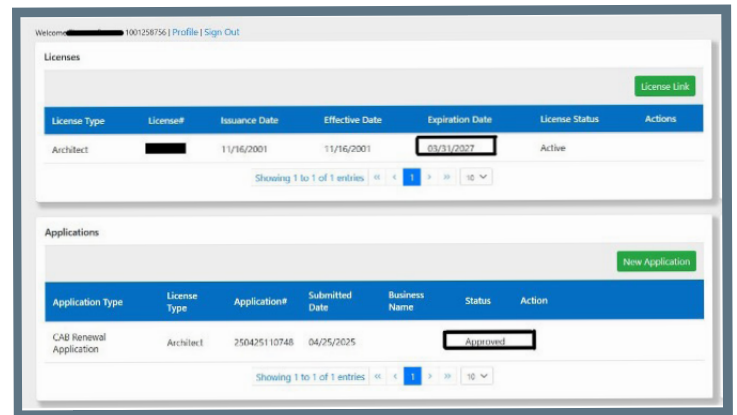

Complete each application tab, **making sure to select the option to "Save and Continue" at the bottom of each application tab**. You will be automatically directed to the next application tab, and the previous tab should now display a green check mark indicating it is completed.

Architects on the "Renewal Questions" tab of the application must certify completion of the mandatory 10 hours of continuing education (CE) and can upload their documentation verifying completion. The mandatory CE consists of five hours on disability access requirements (ADA) and another five hours on zero net carbon design (ZNCD) as required per [BPC Section 5600.05](#) and California Code of Regulations sections [165](#) and [166](#).

The checkbox next to the declaration on the Attestation tab must be checked and then the **full legal name** must be typed in the "Signature" field. The date cannot be edited and is set to the date you are completing the application. Select "Save and Continue."

The final step in the process is completion of the "Fee and Payment" tab. On this tab, an architect will enter the information for their preferred payment card (**we only accept Visa, Mastercard, or Discover**) and enter their billing information. Select the option to "Copy Details from Application" if the billing information is the same as the address on the application. The billing address does not need to match an address of record. The button to "Pay and Submit" should now be green and selectable.

Click the option to "Pay and Submit." **Make certain to only click the button one time and do not refresh the page**. Otherwise, there may be duplicate payments. The application status for the renewal application in the Applications block of the dashboard should say "Approved," and the license information in the Licenses block of the dashboard will now reflect an updated expiration date (see below). An architect will also receive email and/or text notification that the license has been successfully renewed.

The renewal process is then complete, and an architect can then exit from Connect.

Updated Business Entity Report Form for California Architects

Effective January 1, 2026, the [Business Entity Report Form \(BERF\)](#) has been updated with an option to notify the Board if you are in management control of services provided through the reported business entity. This form is very important for all architects.

What is the BERF?

The BERF reports the name and address of the business where an architect works. This is required by Business and Professions Code (BPC) section 5558. Every architect must report this information, even if they work alone, own a business, or work for someone else.

Why is this important?

The law helps the public know that a business offering architectural services has a real architect in charge. It also helps the Board keep track of who is responsible.

What's new?

The updated form now has a box to check if you have "management control." California Code of Regulations (CCR), title 16, section 134(c) defines "management control" to mean general oversight of the professional services offered and provided by the business entity.

Other rules:

- If your name or address changes, you must tell the Board right away.
- You must send an updated form within 30 days of any change.
- Architects should make sure to follow these rules, so they stay in compliance.

Candidate Privacy

The Board takes candidate privacy very seriously. California candidate information is not publicly disclosable under the Information Practices Act or the California Public Records Act. CAB staff members are not permitted to discuss whether an individual is or is not a candidate with anyone other than the candidate, including spouses, domestic partners, and relatives. We take security measures to confirm the identity of individuals who contact us.

A candidate who wishes to have an individual as their agent discuss their record with CAB staff must submit an authorization letter containing the following information to verify identity and grant authority to discuss the record. The information must match what is in the CAB record.

- Candidate ID (CAB ID or NCARB Record Number)
- Full legal name
- Last four digits of the SSN
- Current mailing address
- Name of the individual(s) authorized to discuss your candidate information
- Statement that authorizes CAB to discuss the candidate record, to include any limits on the scope of information that can be shared with the authorized individual

Authorization will not be granted if any of the above information is missing or does not match our records.

For more information, please contact CAB at CAB-Candidate@dca.ca.gov.

Regulations Affecting Licensure

Application Extension – Senate Bill (SB) 1452 (Ashby, Chapter 482, Statutes of 2024) granted the Board authority to extend the expiration timeline for candidates if there is a state of emergency declared by the governor. The Board is updating California Code of Regulations (CCR) 109 to include provisions allowing candidates to request an extension to their eligibility if they were impacted in an area affected by a state of emergency declared by the governor preventing them from testing.

This proposal was approved and went into effect April 1, 2026.

Retired License – Staff identified scenarios where licensees were returning their retired licenses to active status after short periods of time, which was not the intent of the retired license. Staff proposed the retired license cannot be returned to active until at least one year has passed. Additionally, this proposal requires the licensee provide proof of continuing education (CE) completion when returning to an active status to ensure the licensee is current on CE requirements.

The public comment period for this proposal has concluded and it is currently under review at the Office of Administrative Law (OAL).

Review of Applications – During review of the Board's regulations, staff identified the processing times contained in CCR 111 were antiquated and needed to be updated to

reflect current practices. The proposal updates language to current practice and adds processing times for retired licenses.

The public comment period for this proposal has concluded and final documents will be sent to OAL shortly.

Delegation of Certain Functions – During review of the Board's regulations, staff identified a potential issue where the Board could experience enforcement-related delays should the Board not have an executive officer. This proposal will clarify that in the absence of the executive officer, the delegated enforcement authority will extend to the assistant executive officer, and the authority will be conferred to an interim or acting executive officer when the Board selects one.

This proposal's public comment period ended on April 21, 2026.

Architect-in-Training – Assembly Bill (AB) 759 (Valencia, Chapter 380, Statutes of 2025) established the Architect-in-Training (AIT) title and the Board's authority to charge a fee to evaluate applications for the title. Candidates must have passed at least one division of the Architect Registration Examination (ARE) within the past four years, identify a supervising architect, and pay a fee to apply for the title. The title does not confer any additional practice authority and is optional for candidates.

The Board anticipates the 45-day public comment period for this regulation will open in Spring 2026.

Pending Regulations - Information on pending regulations may be found at www.cab.ca.gov/resrcs/laws_regs/prop_reg.shtml

Enforcement Actions

April 2025–October 2025

Final Citations

HANIF DAUD (Diamond Bar) — The Board issued a one-count citation with a \$1,000 administrative fine to Hanif Daud, an unlicensed person, dba Icon Atelier Inc., for alleged violations of Business and Professions Code sections 5536(a) and 5536.1(c).

On or about January 30, 2023, Daud executed a “Consultnacy [sic] Proposal for Proposed Truck Wash and Repair Facility” with Mr. B.D.S. (client) for architectural services for a new truck wash bay and workshop facility measuring a total of about 6,100 square feet. The scope of work for the preliminary review included “Architectural Design” for a fixed fee of \$200,000.

The project is not exempt from licensure requirements under Business and Professions Code (BPC) section 5537 as it includes plans for a new commercial building. Daud’s business name and initials were on the plans, and the contract for the plans confirmed his responsibility. Such conduct constitutes the practice of architecture as defined in BPC section 5500.1 and a violation of BPC sections 5536(a) and 5536.1(c). Daud paid the fine, satisfying the citation. The citation became final on April 3, 2025.

EDGAR VIDAL (Upland) — The Board issued a two-count citation that included a \$3,000 administrative fine to Edgar Vidal, dba Dream Design Build LLC, an unlicensed individual, for alleged violations of Business and Professions Code sections 5536(a) and 5536.1(c) and California Code of Regulations section 134(a).

On or about February 11, 2021, Vidal executed an “Architectural Design Agreement” with Mr. L.B. (client) to provide design services for a project located in San Fernando. The description of services stated “New Building Structure for New 7 Unit Apartment Complex Per City of San Fernando Municipal Code & California Building Code” for a planning fee of \$34,600 and building fee of \$33,200. This document offered “Architectural Details.”

The project plans dated November 11, 2024, listed “Dream Design Build” as the “Architectural Designer.”

Vidal’s company website stated, “Dream Design Build // Architectural Planning & Design” and “unlike most architectural design firms, we design with the builder in mind. This makes the hand-off to the builders as seamless as possible. Relieving you of headaches, & resulting in projects that are on time & on budget.”

Vidal’s personal Instagram profile included a rendering for a three-story building which is not exempt from licensing requirements, suggesting his company could provide this type of design. His company’s Linktree profile offered “Architecture Design.”

Vidal’s contract, title block, website, and online profiles, wherein Vidal used the title of “Architectural Designer,” described his services as “Architectural” and “Architecture,” and offered non-exempt services are devices that might indicate to the public that Vidal is an architect or qualified to engage in the practice of architecture in California. Such conduct constitutes violations of Business and Professions Code section 5536(a) and California Code of Regulations section 134(a).

A six-unit apartment complex is not exempt from licensing requirements under BPC 5537(a)(2). Vidal designed the plans and signed them, and “Dream Design Build” is listed as the “Architectural Designer,” in violation of BPC section 5536.1(c). Vidal paid the fine, satisfying the citation. This citation became final on April 4, 2025.

ERAN GISPAN (Sherman Oaks) — The Board issued a one-count citation that included a \$2,500 administrative fine to Eran Gispan, dba Gispan Design Inc., an unlicensed individual, for alleged violations of BPC section 5536(a). The action alleged that between August 26, 2022, and November 2, 2022, Gispan represented himself as an architect and his company as an architectural firm through the following advertisements:

The company website of Gispan Design Inc., entitled “Gispan Design – Architectural Design” described it as an “Architectural Design Firm Based in Los Angeles” offered

Continued from page 8

Commercial Design and a “full suite” of commercial design services; claimed design credit for a three-story residence and a commercial office; and offered a job titled, “Architectural Design Assistant” with no licensure requirement. There were also numerous online descriptions of properties designed by “architect Eran Gispan.”

A heightened fine amount was warranted based on the following, according to CCR 152 subsections (d) and (e):

- a. Gispan exhibited bad faith by falsely claiming to bring his website into compliance.
- b. Widespread instances of advertising violations indicating a willful disregard of the law.
- c. Prior citation (CAB #19-02) and failure to comply with a prior order of abatement.

Gispan’s online advertising and profiles are devices that might indicate to the public that he is an architect or qualified to engage in the practice of architecture in California. Such conduct constitutes a violation of Business and Professions Code section 5536(a).

Gispan paid the fine, satisfying the citation. The citation became final on April 10, 2025.

LUIS RAMIREZ (Palmdale) — The Board issued a two-count citation that included a \$2,500 administrative fine to Luis Ramirez, dba Lefranc Design, an unlicensed individual, for alleged violations of Business and Professions Code sections 5536(a) and 5536.1(c) and California Code of Regulations section 134(a).

On or about January 11, 2024, Ramirez executed an “Architecture Services Proposal & Contract For Professional Services” contract with Mr. E.S. (client) to provide services for a project located in Rosamond. Ramirez was hired to measure, design, and prepare structural foundation and site plans for a steel garage building, a project which is not exempt from licensing requirements under Business and Professions Code Section 5537(a)(3).

The contract included “Architect Designer” and “Architectural” and “Architecture” services. The contract stated, “Architect agrees to provide the following” and “Lefranc Design is an architectural company providing services as architect designers and NOT licensed architects.”

In text messages between Ramirez and the client, Ramirez used the title of “Architect Designer.”

Ramirez’s company website offered “Architectural” services and stated Ramirez would “Generate architectural drawings quickly and efficiently...GOALS: increase my Architectural knowledge, perform well, gain trust and develop a long-term relationship that promotes mutual growth and prosperity...”

Ramirez’s company Angi profile was categorized under “Architects” and stated “Professional architect in Los Angeles with experience to design/develop residential and/or commercial buildings...”

Ramirez’s company Houzz profile was categorized under “Architects” and offered “architecture design and plans services.”

A citation with an aggravated fine was warranted because on June 22, 2022, the Board issued a one-count citation that included a \$1,500 administrative fine to LeFranc Design, for alleged violations of Business and Professions Code section 5536(a).

Ramirez’s contract, text messages, company website, and online profiles wherein Ramirez used the titles of “Architect Designer,” “Architectural Designer,” and “Professional architect,” described his services as “Architecture” and “Architectural,” and categorized his company as “Architects” are devices that might indicate to the public that Ramirez is an architect or qualified to engage in the practice of architecture in California. Such conduct constitutes violations of Business and Professions Code section 5536(a) and Title 16, California Code of Regulations section 134(a).

The design of a steel garage building without a license is a violation of BPC section 5536.1(c). The citation became final on April 19, 2025.

RICARDO URQUIDI (North Hollywood) — The Board issued a one-count citation that included a \$750 administrative fine to Ricardo Urquidi, dba Urbe & Orbe, an unlicensed individual, for alleged violations of Business and Professions Code section 5536(a).

On or around December 22, 2022, Urquidi was hired to prepare design plans associated with a residential project located in Sun Valley for S.N. (client) and to submit the plans to the City of Los Angeles Department of Building and Safety (LADBS) for approval. Urquidi was paid but never submitted plans to the city for the permit.

The agreement specifically stated, “will be prepared architectural drawings.”

Continued on page 10

Continued from page 9

Urquidi's business card and company letterhead offered architectural services.

His title block included "Architecture" and included Urbe & Orbe under "Architect & Engineer."

Urquidi's business card, title block, letterhead, and agreement, wherein Urquidi described his services as "Architect," "Architecture," and "Architectural," are devices that might indicate to the public that Urquidi is an architect or qualified to engage in the practice of architecture in California. Such conduct constitutes violations of Business and Professions Code section 5536(a). The citation became final April 26, 2025.

MICHAEL MILLER (Los Angeles) — The Board issued a one-count citation that included a \$250 administrative fine to Michael Miller, dba MM&A Architects Inc., a licensed individual, for alleged violations of Business and Professions Code section 5536.22(a). The action ordered that Miller cease and desist from violating Business and Professions Code sections 5536.22, subdivisions (a)(6) and (a)(8). Miller paid the fine, satisfying the citation. The citation became final on April 27, 2025.

TY CLAY (Los Angeles) - The Board issued a one-count citation that included a \$1,500 administrative fine to Ty Clay, dba MG Design, an unlicensed individual, for alleged violations of Business and Professions Code section 5536(a) and Title 16, California Code of Regulations section 134(a).

On or about March 2024, Clay agreed to design a single-family house in Los Angeles for Ms. M.A. (client). The work order dated March 11, 2024, included design and development, site visit and survey, development of conceptual, landscape, and space plan drawings, and due diligence documents with lot spacing calculations for a fixed cost of \$4,930, which was paid in full. Clay said he would provide the survey report after the final amount was paid on June 21, 2024, but he never provided one.

Clay's title block from the plans dated May 28, 2024, included the word "Architecture." His company website offered "Architectural Design" and stated, "We are a full service architectural design company providing over 13 years of excellent residential and commercial service" and "To speak with an architect please use our contact link to leave a note or call us at..."

Clay failed to comply with the Board's request for information and corrections.

Clay's title block and company website wherein he offered an architect and described his services as "Architectural" and "Architecture" are devices that might indicate to the public that Clay is an architect or qualified to engage in the practice of architecture in California. Such conduct constitutes violations of Business and Professions Code section 5536(a) and Title 16, California Code of Regulations section 134(a). The citation became final May 3, 2025.

ERIC MARTINEZ-LUCIO (Watsonville) — The Board issued a three-count citation including a \$7,500 administrative fine to Eric Martinez-Lucio, an unlicensed individual doing business as Urbatect Development LLC, for alleged violations of Business and Professions Code section 5536(a) and Title 16, California Code of Regulations section 134(a).

On or about April 19, 2021, Martinez-Lucio was hired to provide design services for a residential project located in Dillon Beach for Mr. G.M. (client). Under the contract, Urbatect was to "provide architectural design" for three ground-up homes to include the schematic design, design development and construction documents for a fixed fee of \$30,000. The client alleged that Martinez-Lucio failed to provide the services agreed to in the contract and delayed the project.

On or around September 3, 2024, Martinez-Lucio's company Facebook profile stated, "We are a multi-disciplinary design firm specializing in high-end architecture, ADUs, & construction." His company's Houzz profile included several commercial projects which were not exempt from licensing requirements, such as the Salvatore Apartments, Tynan Village Apartments, and St. Leo's Apartments. Martinez-Lucio's company Instagram profile offered "Architecture" and called itself an "#architecturefirm." Martinez-Lucio's company Build Zoom profile offered "Architectural Drawings and Designs" and "Other Architecture and Engineering" services.

On or around September 3, 2024, Martinez-Lucio's Craigslist post offered services that included "Architect," "Architectural Designer," and "Architectural."

A citation with an aggravated fine was warranted because on February 15, 2024, the Board issued a two-count citation with a \$5,000 administrative fine to Martinez-Lucio, an unlicensed person, dba Urbatect Development LLC, for alleged violations of Business and Professions Code section 5536(a) and California Code of Regulations section 134(a).

Continued on page 11

Continued from page 10

On April 6, 2023, Martinez-Lucio was issued a Class "A" citation in the amount of \$1,000 for violations of California Business and Professions Code section 5536(a) and was formally advised that an unlicensed individual or firm in California cannot use any term confusingly similar to architect or architectural to describe services offered or be labeled in such a category. Martinez-Lucio failed to pay all previously issued fines.

Martinez-Lucio's business name, contract, online profiles (Build Zoom, Facebook, Houzz, Instagram) and online Craigslist advertisement, wherein Martinez-Lucio described his services as "Architecture" and "Architectural" and offered an "Architect" are devices that might indicate to the public that Martinez-Lucio is an architect or qualified to engage in the practice of architecture in California. Such conduct constitutes violations of Business and Professions Code section 5536(a) and Title 16, California Code of Regulations section 134(a). This citation became final on May 3, 2025.

MAGDI A. LABIB (Cerritos) — The Board issued a two-count citation that included a \$2,000 administrative fine to Magdi A. Labib, a licensed individual, for alleged violations of Business and Professions Code sections 5536.22(a) and 5584 and California Code of Regulations, title 16, section 160(a)(2).

On or about June 15, 2022, Ms. R. M. (client) hired NPB Design Studio to prepare plans for the permitting of a residential addition consisting of a bedroom and bathroom of approximately 500-700 square feet. It also included the interior remodel to modify a master suite and a garage conversion to a junior accessory dwelling unit (ADU). The client paid NPB Design Studio \$16,649.

The proposed first floor plans dated February 6, 2023, for the above-mentioned project included Labib's stamp and signature. However, there was no written contract between Labib and either the client or NPB Design Studio. Labib's failure to execute a written contract with either the client or the design firm prior to commencing professional services for the above-referenced project constituted a violation of Business and Professions Code section 5536.22(a).

Labib's stamp and signature on the plans established his responsible control over the project under Business and Professions Code section 5586.1(a). While in responsible control, Labib failed to provide responses to Requests for Information, committed numerous design errors, and failed to complete the project. These failures resulted in costs to

the client including construction costs to correct the framing, foundation, and electrical errors, fees paid to a new designer for new plans and project management, additional structural engineering fees, and additional permit fees to the City of Los Angeles.

Labib's failure to exercise proper care to oversee and ensure the plans met all applicable codes and regulations and were well coordinated constitutes a violation of Business and Professions Code section 5584 and California Code of Regulations, title 16, section 160(b). Labib paid the fine, satisfying the citation. The citation became final on May 20, 2025.

NOURA BISHAY (Lemon Grove) — The Board issued a one-count citation that included a \$1,500 administrative fine to Noura Bishay, dba NPB Design Studio, an unlicensed individual, for alleged violations of Business and Professions Code section 5536(a) and Title 16, California Code of Regulations section 134(a).

On or about October 31, 2024, Bishay's personal LinkedIn profile included "Top skills: Architectural Design [sic] • Architectural Drawings • Interior Architecture • Landscape Architecture." Bishay's company LinkedIn profile offered "Accessible & Architecture and Design." Bishay's company website identified Bishay as an "Architecture Designer."

Bishay had previously been issued a Letter of Advisement formally advising her that an individual not licensed in California to practice architecture or a firm without an affiliated California architect in responsible control of the professional services provided by the company, cannot use any term confusingly similar to architect or architectural to describe services offered, or be labeled in such a category.

Bishay's company website and LinkedIn profiles, wherein she used the title of "Architecture Designer" and described her services as "Architecture" and "Architectural," are devices that might indicate to the public that Bishay is an architect or qualified to engage in the practice of architecture in California. Such conduct constitutes violations of Business and Professions Code section 5536(a) and Title 16, California Code of Regulations section 134(a). Bishay paid the fine satisfying the citation. The citation became final on June 2, 2025.

Continued on page 12

Continued from page 11

ROGER PHILLIP UTT (San Diego) — The Board issued a one-count citation that included a \$2,500 administrative fine to Roger Phillip Utt, dba Dream Design Build LLC, an unlicensed individual, for alleged violations of Business and Professions Code sections 5536(a) (b).

On or around January 1, 2021, Utt entered into a contract with Ms. W.H. (client) by which he offered to provide design services for a residential project located in Poway. Utt was to provide plans for a home remodel expansion for a fee of \$7,960 and was paid in full.

The contract included “Roger Utt – Architect,” and “the Architect: Roger Utt, License No. C-22229.” The Scope of Work included “The Architect shall...,” and the Costs included “the Architect shall provide consultation, design and construction documents and drawings...” Rates included “Project Architect \$100.00 per hour,” and the Termination of Services stated “If terminated, Architect shall...” Finally, the signature line stated “Roger Utt – Architect.”

Utt’s architect license had expired 12 years earlier on June 30, 2009, and was never renewed.

The Project plans dated June 22, 2022, were stamped and signed with Utt’s name, license number C-22229, and the false renewal date June 30, 2023.

Utt’s personal All Biz profile was categorized under “Architects” and stated, “Roger Utt Architect AIA is located in San Diego, California.”

Between January 2, 2025, and January 30, 2025, the Board mailed letters to Utt detailing the allegations, but a response was not received.

A citation with an aggravated fine was warranted because Utt had been previously cited for the same type of violation on September 19, 2014 (citation #14-17).

Utt’s contract, stamp on plans, and online profile, wherein Utt used the title of “Architect” and described his services as “Architecture” and “Architectural,” are devices that might indicate to the public that Utt is an architect or qualified to engage in the practice of architecture in California. Such conduct constitutes violations of Business and Professions Code section 5536(a) and (b). Utt paid the fine, satisfying the citation. The citation became final on June 28, 2025.

JOSE MARTINEZ (San Diego) — The Board issued a one-count citation with a \$1,500 administrative fine to Jose Martinez, an unlicensed person, dba Taller de Arquitectura LLC, for alleged violations of Business and Professions Code section 5536(a) and California Code of Regulations section 134(a).

On or about December 4, 2019, Martinez, doing business as Taller de Arquitectura, LLC, executed a contract with Mr. H. R. (client) to provide preliminary design drawings and construction documents for a second story bonus room on top of an existing garage for a fixed fee of \$8,000 for the residential project located in El Cajon. Martinez’s contract includes the business name Taller de Arquitectura LLC. Martinez did not provide the services agreed to in the contract.

Martinez’s company Facebook and LinkedIn profiles used the business name “Taller de Arquitectura, LLC,” which is translated to “Architecture Workshop.” His email address contained the abbreviation “arch.”

The Board contacted Martinez about his violations and he failed to make all the corrections requested.

Martinez’s business name, contract, email address, and online profiles wherein he described his services as “Arquitectura” and included “arch” in his email are devices that might indicate to the public that he is an architect or qualified to engage in the practice of architecture in California. Such conduct constitutes violations of Business and Professions Code section 5536(a) and Title 16, California Code of Regulations section 134(a). Martinez paid the fine, satisfying the citation. The citation became final on August 17, 2025.

CLARK REMINGTON (Thousand Oaks) — The Board issued a one-count citation with a \$1,000 administrative fine to Clark Remington, an unlicensed person, dba Clark Remington Construction, for alleged violations of Business and Professions Code sections 5536(a) and California Code of Regulations section 134(a).

On or about January 27, 2024, the Board received a complaint alleging possible violations of the Architects Practice Act regarding a residential project located in Palisades. On October 24, 2023, Remington had entered into a contract entitled “Architectural Agreement” with Ms. J.S. (client) to provide design services for elevation plans and to walk the plans through the permit process for a fixed fee of \$50,000. The contract also stated, “Architectural

Continued on page 13

Continued from page 12

administration (architectural supervision) can be obtained from this office on an hourly basis.” Remington never produced the plans.

Remington’s YouTube profile contained videos referring to himself as an “architect.”

Remington’s contract and YouTube profile wherein he used the title of “architect” and described his services as “Architectural,” are devices that might indicate to the public that he is an architect or qualified to engage in the practice of architecture in California. Such conduct constitutes violations of Business and Professions Code section 5536(a) and Title 16, California Code of Regulations section 134(a). The citation became final on September 30, 2025.

ERIKA NAVAS (Studio City) — The Board issued a one-count citation with a \$1,500 administrative fine to Erika Navas, an unlicensed person, dba Infinity Concept Builders Inc., for alleged violations of Business and Professions Code sections 5536(a) and California Code of Regulations section 134(a).

On or about February 11, 2025, the Board received a complaint alleging possible violations of the Architects Practice Act (Act) regarding a residential project located in Santa Ana. On or about May 13, 2025, the Board received a second complaint regarding a residential project located in Granada Hills. Both complaints claimed Navas failed to provide the agreed upon services and failed to answer phone calls and emails.

Around the same time, Navas’ company website offered knowledge of “architecture” in California and commercial design services, neither exempt from licensing requirements. Navas’ profile on the City of Los Angeles Department of Building and Safety (LADBS) website listed her as an “Architect.” Navas’ company Yelp profile was categorized under “Architects” and offered “Architectural” services, and stated, “We offer all pre-construction services, architectural plans, blueprints, permit expediting, 3D Renderings, construction administration, detailed cost estimates, legalization, custom home building, custom renovations and additions,” “ranging from residential to commercial.” Navas’ company Instagram profile called her an “Architectural Designer” and offered “Architecture” services.

Navas failed to reply to the Board’s requests for information and corrections.

Navas’ company website and online profiles, wherein Navas used the titles of “Architect” and “Architectural Designer,” described her services as “Architecture” and “Architectural,” and offered commercial services requiring a license are devices that might indicate to the public that Navas is an architect or qualified to engage in the practice of architecture in California. Such conduct constitutes violations of Business and Professions Code section 5536(a) and Title 16, California Code of Regulations section 134(a). The citation became final on October 12, 2025.

CATIE T. VUONG (Westminster) — The Board issued a one-count citation with a \$2,000 administrative fine to Catie T. Vuong, an unlicensed person, dba Artwave Design Studio, for alleged violations of Business and Professions Code sections 5536(a) and California Code of Regulations section 134(a).

On or around January 23, 2024, Vuong entered into a contract with Ms. A.T.N. (client) offering to provide design services for a residential project located in South El Monte. Vuong promised to provide an “architectural set” for an accessory dwelling unit (ADU) for a fixed fee of \$7,000. The contract also promised to “...provide a standards of care equal to, or superior to, care use by Architect’s similar to ARTWAVE on similar project ...” Vuong was paid an initial deposit of \$2,000.

Vuong failed to reply to the Board’s requests for information and corrections.

On November 16, 2023, the Board had issued a previous two-count citation with a \$2,000 administrative fine to Vuong for similar violations of Business and Professions Code section 5536(a). The first citation was not paid. The new citation became final on October 25, 2025.

Continuing Education Audit

July 2025—December 2025

Final Citations

Addis, Tracy Anne (San Diego) — The Board issued a one-count citation that included a \$250 administrative fine to Tracy Anne Addis, architect license number C-31681, for an alleged violation of Business and Professions Code section 5600.05(a)(1) (License Renewal Process; Conditions; Certifications; Audit; False or Misleading Information; Disciplinary Action; Coursework Regarding Disability Access Requirements; Submission of Letter to Legislature). The action alleged that Addis certified false or misleading information on their 2025 License Renewal Application. Addis paid the fine, satisfying the citation. The citation became final on October 3, 2025.

Allen, Laura Elizabeth Bank (Oakland) — The Board issued a one-count citation that included a \$250 administrative fine to Laura Elizabeth Bank Allen, architect license number C-34165, for an alleged violation of Business and Professions Code section 5600.05(a)(1) (License Renewal Process; Conditions; Certifications; Audit; False or Misleading Information; Disciplinary Action; Coursework Regarding Disability Access Requirements; Submission of Letter to Legislature). The action alleged that Allen certified false or misleading information on their 2023 License Renewal Application. Allen paid the fine, satisfying the citation. The citation became final on August 8, 2025.

Amirova, Regina (Houston) — The Board issued a one-count citation that included a \$500 administrative fine to Regina Amirova, architect license number C-40371, for an alleged violation of Business and Professions Code section 5600.05(a)(1) (License Renewal Process; Conditions; Certifications; Audit; False or Misleading Information; Disciplinary Action; Coursework Regarding Disability Access Requirements and Zero Net Carbon Design; Submission of Letter to Legislature). The action alleged that Amirova certified false or misleading information on their 2025 License Renewal Application. Amirova paid the fine, satisfying the citation. The citation became final on October 27, 2025.

Aslanian, Samuel (Tarzana) — The Board issued a one-count citation that included a \$750 administrative fine to Samuel Aslanian, architect license number C-24043, for an alleged violation of Business and Professions Code section 5600.05(a)(1) (License Renewal Process; Conditions; Certifications; Audit; False or Misleading Information; Disciplinary Action; Coursework Regarding Disability Access Requirements

and Zero Net Carbon Design; Submission of Letter to Legislature). The action alleged that Aslanian certified false or misleading information on their 2025 License Renewal Application. Aslanian paid the fine, satisfying the citation. The citation became final on October 15, 2025.

Balfe, Marshall (Sebastopol) — The Board issued a one-count citation that included a \$1,000 administrative fine to Marshall Balfe, architect license number C-9674, for an alleged violation of Business and Professions Code section 5600.05(a)(1) (License Renewal Process; Conditions; Certifications; Audit; False or Misleading Information; Disciplinary Action; Coursework Regarding Disability Access Requirements and Zero Net Carbon Design; Submission of Letter to Legislature). The action alleged that Balfe certified false or misleading information on their 2023 License Renewal Application. The citation became final on August 8, 2025.

Bowker, Adney Stephen (Los Angeles) — The Board issued a one-count citation that included a \$500 administrative fine to Adney Stephen Bowker, architect license number C-31512, for an alleged violation of Business and Professions Code section 5600.05(a)(1) (License Renewal Process; Conditions; Certifications; Audit; False or Misleading Information; Disciplinary Action; Coursework Regarding Zero Net Carbon Design; Submission of Letter to Legislature). The action alleged that Bowker certified false or misleading information on their 2023 License Renewal Application. Bowker paid the fine, satisfying the citation. The citation became final on August 8, 2025.

Brown, Christopher H. (Phoenix) — The Board issued a one-count citation that included a \$1,000 administrative fine to Christopher H. Brown, architect license number C-39650, for an alleged violation of Business and Professions Code section 5600.05(a)(1) (License Renewal Process; Conditions; Certifications; Audit; False or Misleading Information; Disciplinary Action; Coursework Regarding Disability Access Requirements and Zero Net Carbon Design; Submission of Letter to Legislature). The action alleged that Brown certified false or misleading information on their 2023 License Renewal Application. Brown paid the fine, satisfying the citation. The citation became final on August 22, 2025.

Continued from page 14

Bryant, William C. (Berkeley) — The Board issued a one-count citation that included a \$1,000 administrative fine to William C. Bryant, architect license number C-25966, for an alleged violation of Business and Professions Code section 5600.05(a)(1) (License Renewal Process; Conditions; Certifications; Audit; False or Misleading Information; Disciplinary Action; Coursework Regarding Disability Access Requirements and Zero Net Carbon Design; Submission of Letter to Legislature). The action alleged that Bryant certified false or misleading information on their 2023 License Renewal Application. Bryant paid the fine, satisfying the citation. The citation became final on August 20, 2025.

Burkhalter, Laura (Santa Monica) — The Board issued a one-count citation that included a \$1,000 administrative fine to Laura Burkhalter, architect license number C-32924, for an alleged violation of Business and Professions Code section 5600.05(a)(1) (License Renewal Process; Conditions; Certifications; Audit; False or Misleading Information; Disciplinary Action; Coursework Regarding Disability Access Requirements and Zero Net Carbon Design; Submission of Letter to Legislature). The action alleged that Burkhalter certified false or misleading information on their 2023 License Renewal Application. The citation became final on August 22, 2025.

Bustos, Derek (Whittier) — The Board issued a one-count citation that included a \$750 administrative fine to Derek Bustos, architect license number C-27114, for an alleged violation of Business and Professions Code section 5600.05(a)(1) (License Renewal Process; Conditions; Certifications; Audit; False or Misleading Information; Disciplinary Action; Coursework Regarding Disability Access Requirements and Zero Net Carbon Design; Submission of Letter to Legislature). The action alleged that Bustos certified false or misleading information on their 2023 License Renewal Application. Bustos paid the fine, satisfying the citation. The citation became final on September 8, 2025.

.Campbell, Janet Coral (San Francisco) — The Board issued a one-count citation that included a \$500 administrative fine to Janet Coral Campbell, architect license number C-18808, for an alleged violation of Business and Professions Code section 5600.05(a)(1) (License Renewal Process; Conditions; Certifications; Audit; False or Misleading Information; Disciplinary Action; Coursework Regarding Disability Access Requirements and Zero Net Carbon Design; Submission of Letter to Legislature). The action alleged that Campbell certified false or misleading information on their 2025 License Renewal Application. Campbell paid the fine, satisfying the citation. The citation became final on November 8, 2025.

Carr, James D. (Brookline, Massachusetts) — The Board issued a one-count citation that included a \$500 administrative fine to James D. Carr, architect license number C-27233, for an alleged violation of Business and Professions Code section 5600.05(a)(1) (License Renewal Process; Conditions; Certifications; Audit; False or Misleading Information; Disciplinary Action; Coursework Regarding Disability Access Requirements and Zero Net Carbon Design; Submission of Letter to Legislature). The action alleged that Carr certified false or misleading information on their 2023 License Renewal Application. Carr paid the fine, satisfying the citation. The citation became final on August 29, 2025.

Danet, Adrienne C. (Orange) — The Board issued a one-count citation that included a \$1,000 administrative fine to Adrienne C. Danet, architect license number C-31691, for an alleged violation of Business and Professions Code section 5600.05(a)(1) (License Renewal Process; Conditions; Certifications; Audit; False or Misleading Information; Disciplinary Action; Coursework Regarding Disability Access Requirements and Zero Net Carbon Design; Submission of Letter to Legislature). The action alleged that Danet certified false or misleading information on their 2023 License Renewal Application. Danet paid the fine, satisfying the citation. The citation became final on August 25, 2025.

Davis, Matthew Paul (Oakland) — The Board issued a one-count citation that included a \$1,000 administrative fine to Matthew Paul Davis, architect license number C-19602, for an alleged violation of Business and Professions Code section 5600.05(a)(1) (License Renewal Process; Conditions; Certifications; Audit; False or Misleading Information; Disciplinary Action; Coursework Regarding Disability Access Requirements and Zero Net Carbon Design; Submission of Letter to Legislature). The action alleged that Davis certified false or misleading information on their 2023 License Renewal Application. Davis paid the fine, satisfying the citation. The citation became final on August 8, 2025.

Fisher, Brian Evan (Daytona Beach, Florida) — The Board issued a one-count citation that included a \$1,500 administrative fine to Brian Evan Fisher, architect license number C-30714, for an alleged violation of Business and Professions Code section 5600.05(a)(1) (License Renewal Process; Conditions; Certifications; Audit; False or Misleading Information; Disciplinary Action; Coursework Regarding Disability Access Requirements and Zero Net Carbon Design; Submission of Letter to Legislature). The action alleged that Fisher certified false or misleading information on their 2025 License Renewal Application. The citation became final on December 26, 2025.

The citation became final on December 12, 2025.

Shallanberger, Craig Allan (Santa Ynez) — The Board issued a one-count citation that included a \$1,000 administrative fine to Craig Allan Shallanberger, architect license number C-32532, for an alleged violation of Business and Professions Code section 5600.05(a)(1) (License Renewal Process; Conditions; Certifications; Audit; False or Misleading Information; Disciplinary Action; Coursework Regarding Disability Access Requirements and Zero Net Carbon Design; Submission of Letter to Legislature). The action alleged that Shallanberger certified false or misleading information on their 2025 License Renewal Application. Shallanberger paid the fine, satisfying the citation. The citation became final on October 3, 2025.

Smardo, Scott (Portland, Oregon) — The Board issued a one-count citation that included a \$500 administrative fine to Scott Smardo, architect license number C-38467, for an alleged violation of Business and Professions Code section 5600.05(a)(1) (License Renewal Process; Conditions; Certifications; Audit; False or Misleading Information; Disciplinary Action; Coursework Regarding Disability Access Requirements and Zero Net Carbon Design; Submission of Letter to Legislature). The action alleged that Smardo certified false or misleading information on their 2025 License Renewal Application. Smardo paid the fine, satisfying the citation. The citation became final on November 3, 2025.

Soohee, Roger Hawkmoon (Alameda) — The Board issued a one-count citation that included a \$500 administrative fine to Roger Hawkmoon Soohoo, architect license number C-19932, for an alleged violation of Business and Professions Code section 5600.05(a)(1) (License Renewal Process; Conditions; Certifications; Audit; False or Misleading Information; Disciplinary Action; Coursework Regarding Zero Net Carbon Design; Submission of Letter to Legislature). The action alleged that Soohoo certified false or misleading information on their 2025 License Renewal Application. Soohoo paid the fine, satisfying the citation. The citation became final on December 3, 2025.

Tamaoki, Koichi (San Gabriel) — The Board issued a one-count citation that included a \$500 administrative fine to Koichi Tamaoki, architect license number C-17879, for an alleged violation of Business and Professions Code section 5600.05(a)(1) (License Renewal Process; Conditions; Certifications; Audit; False or Misleading Information; Disciplinary Action; Coursework Regarding Zero Net Carbon Design; Submission of Letter to Legislature). The action alleged that Tamaoki certified false or misleading information on their 2025 License Renewal Application. Tamaoki paid the fine, satisfying the citation. The citation became final on December 11, 2025.

Tashiro, Susie T. (Los Angeles) — The Board issued a one-count citation that included a \$1,000 administrative fine to Susie T. Tashiro, architect license number C-26783, for an alleged violation of Business and Professions Code section 5600.05(a)(1) (License Renewal Process; Conditions; Certifications; Audit; False or Misleading Information; Disciplinary Action; Coursework Regarding Disability Access Requirements and Zero Net Carbon Design; Submission of Letter to Legislature). The action alleged that Tashiro certified false or misleading information on their 2025 License Renewal Application. Tashiro paid the fine, satisfying the citation. The citation became final on August 28, 2025.

Tso, Roland Hing (Montebello) — The Board issued a one-count citation that included a \$250 administrative fine to Roland Hing Tso, architect license number C-8124, for an alleged violation of Business and Professions Code section 5600.05(a)(1) (License Renewal Process; Conditions; Certifications; Audit; False or Misleading Information; Disciplinary Action; Coursework Regarding Disability Access Requirements and Zero Net Carbon Design; Submission of Letter to Legislature). The action alleged that Tso certified false or misleading information on their 2023 License Renewal Application. Tso paid the fine, satisfying the citation. The citation became final on August 11, 2025.

Vitalich, Stephen Anthony (Venice) — The Board issued a one-count citation that included a \$1,000 administrative fine to Stephen Anthony Vitalich, architect license number C-19742, for an alleged violation of Business and Professions Code section 5600.05(a)(1) (License Renewal Process; Conditions; Certifications; Audit; False or Misleading Information; Disciplinary Action; Coursework Regarding Disability Access Requirements and Zero Net Carbon Design; Submission of Letter to Legislature). The action alleged that Vitalich certified false or misleading information on their 2023 License Renewal Application. The citation became final on September 5, 2025.

Wauhob, Michael Paul (Victorville) — The Board issued a one-count citation that included a \$500 administrative fine to Michael Paul Wauhob, architect license number C-24600, for an alleged violation of Business and Professions Code section 5600.05(a)(1) (License Renewal Process; Conditions; Certifications; Audit; False or Misleading Information; Disciplinary Action; Coursework Regarding Disability Access Requirements and Zero Net Carbon Design; Submission of Letter to Legislature). The action alleged that Wauhob certified false or misleading information on their 2023 License Renewal Application. Wauhob paid the fine, satisfying the citation. The citation became final on August 11, 2025.

Wooley, Jason M. (Truckee) — The Board issued a one-count citation that included a \$500 administrative fine to Jason M. Wooley, architect license number C-27825, for an alleged violation of Business and Professions Code section 5600.05(a)(1) (License Renewal Process; Conditions; Certifications; Audit; False or Misleading Information; Disciplinary Action; Coursework Regarding Disability Access Requirements; Submission of Letter to Legislature). The action alleged that Wooley certified false or misleading information on their 2025 License Renewal Application. The citation became final on September 26, 2025.

Wu, Yu Ting (Oakland) — The Board issued a one-count citation that included a \$500 administrative fine to Yu Ting Wu, architect license number C-37522, for an alleged violation of Business and Professions Code section 5600.05(a)(1) (License Renewal Process; Conditions; Certifications; Audit; False or Misleading Information; Disciplinary Action; Coursework Regarding Zero Net Carbon Design; Submission of Letter to Legislature). The action alleged that Wu certified false or misleading information on their 2023 License Renewal Application. Wu paid the fine, satisfying the citation. The citation became final on August 18, 2025.

Ziaripour, Fereydoon (Fremont) — The Board issued a one-count citation that included a \$1,000 administrative fine to Fereydoon Ziaripour, architect license number C-22547, for an alleged violation of Business and Professions Code section 5600.05(a)(1) (License Renewal Process; Conditions; Certifications; Audit; False or Misleading Information; Disciplinary Action; Coursework Regarding Disability Access Requirements and Zero Net Carbon Design; Submission of Letter to Legislature). The action alleged that Ziaripour certified false or misleading information on their 2023 License Renewal Application. The citation became final on August 22, 2025.

Welcome to the Architects Roll

CAB wants to acknowledge these newly licensed architects who have achieved a momentous goal.

You should have received a welcome packet with a New Licensee Information Guide and your wall license.

Please stay apprised of CAB news and issues affecting your license by visiting www.cab.ca.gov. Sign up to receive social media and other notifications so you are always aware of the latest news.

Congratulations!

New Architects Licensees
